

The [ContinuSeal Gasket](#) is a patented design that can be installed only on [Durafil ES³](#) or [Durafil Compac](#) filters to create a continuous seal around the entire perimeter of the holding frame.

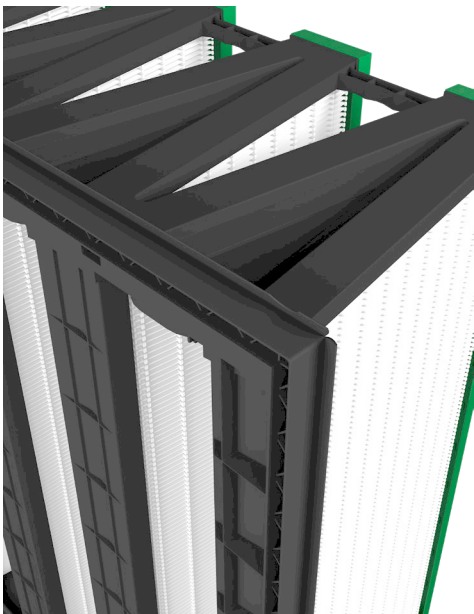

Made from injection-molded TPE polymer, the ContinuSeal gasket press-fits into the profile on both the Durafil ES³ and Durafil Compac headers. Its innovative and patented double-fin design allows the gasket to conform precisely to the inner contour of the [Type-8](#) HVAC holding frame (and other traditional style frames as well) while effectively sealing against the rear flange. This design establishes two sealing barriers, reducing air bypass by up to 90%.

The ContinuSeal gasket is ideal for sensitive applications where preventing bypass is vital.

Key features include:

- **Compatibility:** Works exclusively with 24" x 24" Durafil ES³ filters on the downstream side of the header only, or on either side of the 24" x 24" Durafil Compac header.
- **Continuous Design:** No joints or gaps for maximum sealing efficiency.
- **Double-Sealing Fins:** Enhance sealing effectiveness.
- **Part Number(30 per case):** 851071791
- **Factory installation available** (see page 2)

Note: The ContinuSeal gasket reduces air bypass around the filter frame by 90% when compared to systems operating with worn or no gaskets, ensuring that more air is passed through the air filter.

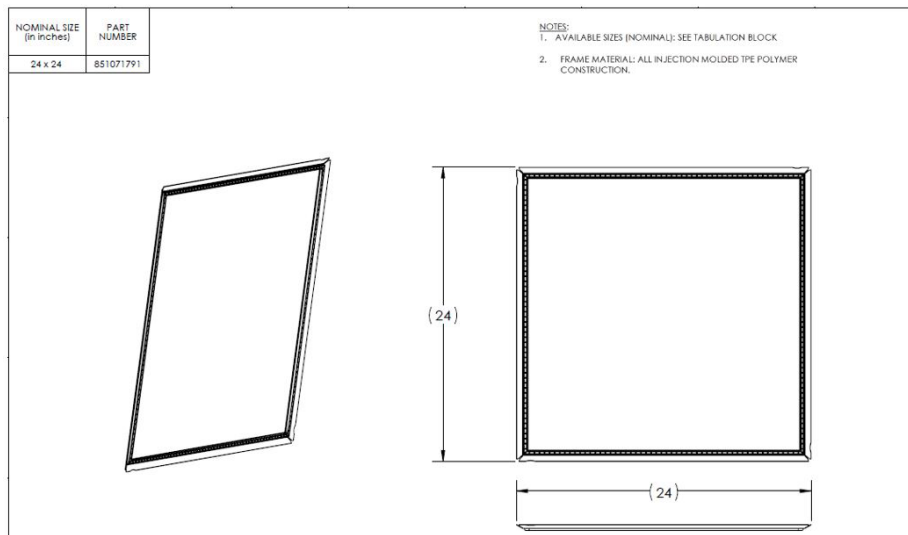

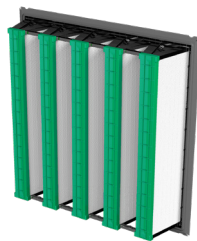

Factory Installed Gaskets

The ContinuSeal Gasket can be installed on the filter and shipped as a single unit. See below for filter and gasket location options.

Durafil ES ³ Filter with ContinuSeal Mounted Downstream		
Part Number	Description	
	Size	Efficiency
855081081	24 x 24	MERV 13
855081141	24 x 24	MERV 14
855081202	24 x 24	MERV 16

Durafil Compac Filter with ContinuSeal Mounted Downstream		
Part Number	Description	
	Size	Efficiency
855086045	24 x 24	MERV 13
855086055	24 x 24	MERV 14
855086065	24 x 24	MERV 16

Durafil Compac Filter with ContinuSeal Mounted Upstream		
Part Number	Description	
	Size	Efficiency
855086046	24 x 24	MERV 13
855086056	24 x 24	MERV 14
855086066	24 x 24	MERV 16
